

Application & Solicitation Disclosure for Variable Rate Law Loan

Loan Interest Rate & Fees

Your **starting interest** rate will be between
 7.115% and 16.490%
 After the starting rate is set, your rate will then vary with the market.

Your Starting Interest Rate (upon approval)

The starting interest rate you pay will be determined after you apply. The lowest variable rate is available for only the most creditworthy applicants, and assumes you select the interest-only repayment option and make interest-only payments during the in-school and grace periods, which includes an interest rate discount of 0.35%. Your rate will be equal to the 3-Month CME Term SOFR rate or 0%, whichever is higher, plus a Margin. The value of the 3-Month CME Term SOFR rate varies with the market each quarter. The Margin is a fixed value that is set at the time of your application, based on your credit history, which repayment option you choose and other factors including your cosigner's credit history (if applicable). If approved, we will notify you of the rate you qualify for within the stated range, unless the index increases the rate above or decreases the rate below the stated range.

Your Interest Rate during the Life of the Loan

Your rate is variable. This means that your rate could move lower or higher than the rates on this form. The variable rate is based upon 3-Month CME Term SOFR, which is administered by CME Group. Also, if you elect to make interest-only payments while in school and during the grace period, and you stop making the required payments, your interest rate will go up. For more information on this rate, see the reference notes.

REFERENCE NOTES

Variable Interest Rate

- Your loan has a variable interest rate that is based on 3-Month CME Term Secured Overnight Financing Rate (SOFR), which is administered by CME Group.
- CME Group publishes 3-Month CME Term SOFR on its website (cmegroup.com/termsofr).
- We will adjust your rate quarterly on each Jan 1, Apr 1, Jul 1 and Oct 1 (the "interest rate change date").
- Your rate will be based on the 3-Month CME Term SOFR rate available for the date that is 15 days prior to the interest rate change date, rounded up to the nearest one-eighth of one percent (0.125% or 0.00125), or 0%, whichever is greater.
- Your rate will be calculated on each interest rate change date by adding a Margin between 1.740% and 11.115% to the higher of the 3-Month CME Term SOFR rate or 0%.
- For more information and the most recent value of the 3-Month CME Term SOFR rate, visit DiscoverStudentLoans.com/Rates.
- The rate will not increase more than once a quarter, but there is no limit on the amount that the rate could increase at one time.
- Rates are typically higher without a cosigner.
- If you select the interest-only payment option and do not make the required payments while in school and during the grace period, you will lose the interest rate discount associated with your interest-only repayment option.
