WHAT YOU NEED TO KNOW ABOUT DIRECTPAY
DirectPay allows you to pay your Discover card bill automatically, by automatically withdrawing the amount you specify from your checking or savings account every month, as explained below. To enroll, please read about your payment options below—then complete and mail the enrollment form on the next page.

MINIMUM PAYMENT DUE OPTION
DirectPay will automatically withdraw the Minimum Payment Due shown on your Discover card statement every month on the next automatic payment date referred to on your statement. Any payments made prior to your withdrawal date will be applied towards your Minimum Payment Due. Any credits applied to your Account after the Closing Date shown on your statement may lower your Minimum Payment Due and thus the scheduled DirectPay amount.

MINIMUM PAYMENT DUE + A FIXED AMOUNT OPTION
DirectPay will withdraw the Minimum Payment Due shown on your Discover card statement plus the amount you have specified every month on the next automatic payment date referred to on your statement. Any payments made prior to your withdrawal date will be applied towards your Minimum Payment Due. Any credits applied to your Account after the Closing Date shown on your statement may lower your Minimum Payment Due and New Balance on your billing statement and thus the scheduled DirectPay amount. DirectPay will never withdraw more than your New Balance on your billing statement.

FULL STATEMENT BALANCE OPTION
DirectPay will withdraw the New Balance on your Discover card statement every month, on the next automatic payment date referred to on your statement. Any payments made prior to your withdrawal date and any credits applied to your Account after the Closing Date shown on your statement may lower your New Balance and thus the scheduled DirectPay amount.

OTHER AMOUNT OPTION
For the billing period shown on your statement, DirectPay will withdraw the amount you have specified every month on the next automatic payment date referred to on your statement. If your Minimum Payment Due exceeds the amount you have specified, the Minimum Payment Due will be withdrawn. Any payments made prior to this date and credits applied to your Account after the Closing Date shown on your statement may lower your New Balance and thus the scheduled DirectPay amount. DirectPay will never withdraw more than your New Balance on your billing statement.
